

Sowing Excellence

FORAGE SEED GUIDE

Maximize your yield.

Choose the best forage mixture for your management system.

HIGH DIGESTIBILITY FORAGE MANAGEMENT SYSTEM

Alfalfa AMINA	Laura meadow fescue
	Arlaka timothy
	Athos late-maturing orchardgrass

- Highly digestible fibre
- Extended harvest period
- High leaf-to-stem ratio

Hi-Gest

INTENSIVE CUTTING MANAGEMENT SYSTEM

Alfalfa ALTHÉA	Bardoux soft leaf tall fescue
	Fleet meadow bromegrass
	Glacier timothy

- Rapid recovery
- Short harvest interval
- High yield

CONVENTIONAL MANAGEMENT SYSTEM

Alfalfa ISABELLA	AC Success hybrid bromegrass
	Arlaka timothy

- Very high yield
- Standard cutting management
- Excellent disease resistance
- Multifoliate

Alfalfa AKORI	AC Success hybrid bromegrass
	Arlaka timothy

- Exceptional spring vigour
- Superior fall regrowth
- High yield

VARIABLE FIELD MANAGEMENT SYSTEM

Alfalfa MAGNUM 7 WET	AC Success hybrid bromegrass
	Arlaka timothy

- Branch root system
- Tolerates wet soils
- Highly resistant to disease

Red clover BEARCAT	AC Success hybrid bromegrass
	AC Alliance timothy

NEW

- Performs well in low pH soils
- Excellent yield
- Superior fall regrowth

ORGANIC FERTILIZATION AND GRAZING

Alfalfa 3010	Fleet meadow bromegrass
	AC Alliance timothy
	Laura meadow fescue

- Deep-set crown
- Greater resistance to high-traffic conditions
- Resistant to trampling

Birdsfoot trefoil EXACT	Fleet meadow bromegrass
	AC Alliance timothy
	Laura meadow fescue

- Superior performance in low pH soils
- Excellent forage yields
- Good recovery

Agriculture**
formerly La Coop

Farming common sense

The Agri-business Division of La Coop fédérée is now Sollio Agriculture—caring, down-to-earth and achiever. Owing to the strength of our networks across Canada, Sollio Agriculture will continue working hand in hand with local producers to ensure their prosperity as well that of their families and communities. Together, we're farming common sense.
